

BASES would like to offer you, your students and your colleagues a special opportunity to **purchase BASES memberships at a reduced rate.**

We are aware universities need to be competitive and offer students added value for money. BASES membership is a great and cost-effective way to enhance student experience and provide access to exclusive events and resources that are highly valued by students and staff.

Benefits of being a member of BASES:

- Increase knowledge and skills
- Build networks and open doors
- Keep up to date with news, events and research
- Enhance employability and career prospects
- Save money on events, products and services
- Get involved with the sport and exercise science community
