3. Activities that gain BASES credits may also be used towards accumulating the CPD hours required e.g. attendance at a workshop (5 credits) may also count towards 6 hours of CPD.
4. If presenting at a conference, you cannot also claim credits for attending the conference on the same day.
5. BASES credits must be accrued in at least two different activities during the 5 year period (i.e. cannot be only accrued via webinars) and credits must be accrued in at least 3 years of the 5 year accreditation period.
